

Opinion on a Technical Construction File

Note: This statement presents the opinion of Comlab as a Notified Body under Directive 1999/5/EC (the R&TTE Directive), as called for in articles 10.3, 10.4 and/or 10.5 of this directive. It has been issued according to the procedure outlined in Annex IV of the R&TTE Directive.

The opinion is only related to the equipment and TCF as presented to Comlab. Changes that have been made to the design of the equipment and/or the TCF without notifying Comlab, and changes made after the date of issue of this opinion, are outside the scope of this opinion.

The manufacturer or his authorised representative shall keep the TCF for a period ending at least 10 years after the last equipment has been manufactured at the disposal of the relevant national authorities for inspection.

This document consists of 2 pages.

Opinion on a Technical Construction File

Issued by: *Nemko Comlab AS* Reference no.: *2004-023*

Issued to: *DOK Ltd., Mm-wave Division of ELVA-1 LTD .
Veroshilova 2
St.Petersburg 193318
Russia*

Manufacturer: *Same as above*

Equipment Description: *PPC-100
40.5GHz – 43.5GHz radio link system.
Point-to-multipoint Wireless LAN Bridge.
TDMA control software for CS&TS: TDMA-DR-006.*

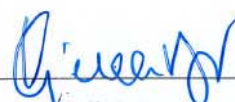

TCF identity: *XXXXX*

Scope of the TCF: *The essential requirements of Directive 1999/5/EC defined in
articles 3.1 (a) [Safety], 3.1 (b [EMC]) and 3.2 [spectrum use].*

According to the procedures of Directive 1999/5/EC, Article 10.4 and Annex IV, and the provisions implementing this directive in Norway, Comlab has reviewed the technical construction file for the equipment specified above.

Opinion: The TCF substantiates that the essential requirements identified above are fulfilled.
